## Experience

### WRL Advertising / Front End Web Developer

August 2015 - PRESENT, Canton OH

Responsibilities include building new websites, extending and maintaining existing sites on WordPress, Drupal and Magento platforms. At WRL I work closely with art directors to plan out the functionality of websites, meet with clients and determine how to best meet their needs within the budget, and self manage and delegate responsibilities to complete projects on budget and on schedule.

### RandalTheSecond / Freelance Web Developer

January 2014 - August 2015, Canton OH

Responsibilities include responding to clients needs, managing projects and ensuring that development is on schedule and on budget. Writing proposals and estimating project labor and time tables.

### Graydian Technology + Design / Web Developer

June 2012 - January 2014, Canton OH

Responsibilities included building WordPress sites and composing HTML markup for desktop, responsive & mobile sites & applications.

Content marketing using social media and HootSuite.

Responding to client needs, writing instruction manuals and educating customers on how to use WordPress and custom solutions.

Using HTML, CSS, jQuery, PHP, AJAX, Facebook & Twitter integration in custom kiosk and mobile applications solutions.

### Handling Concepts / Marketing Coordinator

November 2011 - June 2012, New Franklin OH

Responsibilities included communicating with vendors to compile and attain product images & descriptions, designing sales materials, and web design.
